

Evolution Chain

Choose something in your life or society that has evolved such as family members, hairstyles, home improvement/location, technology, sports, music, video games, pets, etc. Please do NOT just put a sequence of pictures of yourself at different ages. Pick a specific aspect of your life/society that has changed. Find evidence of the changes (pictures, labels, articles, graphics, etc.) and create a chain link that

includes the evidence and description of the changes. Your chain should have at least 5 links/changes PLUS a title link with your name and class period. This assignment is worth 60 points and is due: **Thursday, March 30th**
